

Enrolled Nurse

Diploma of Nursing

**Community Services, Health
and Education Training Council**

Job Overview

Enrolled nurses assist in the provision of nursing care under the supervision of a registered nurse. They may work in one of the State's many hospitals, in aged-care facilities or other health-care settings. They assist with health assessments, measure and record the temperature, pulse or blood pressure of patients, administer medications, and attend to patients' comfort or hygiene needs.

Enrolled nurses may also assist in emergency situations and rehabilitation exercises, and may provide patients with health education.

They may also work in general medical practices, community health practices, hospitals, or after-hour clinics.

Current salary information is available by visiting the Career Centre website, you will find their details below.
