

# Pathology Collector

Certificate III in Pathology Assistance  
Certificate III in Pathology Collection

**Community Services, Health  
and Education Training Council**

# Job Overview

Pathology Collectors work in hospitals, doctors clinics and laboratories collecting blood and other pathology specimens for routine and specialised testing.

Pathology Collectors with the Certificate IV in Pathology qualification assist with the receipt and processing of pathology samples through the pre-analytical phase and may work with clients with more complex needs.

Pathology Collectors need a calm and friendly manner with the ability to put patients at ease whilst following strict health and safety procedures when taking and handling blood samples.

Traineeships are available.

More information (incl. salaries) is available by visiting the websites listed below.
